## ABOUT ROMANIA

---

Romania is a southeastern European country known for its forested region of Transylvania, ringed by the Carpathian Mountains, and its preserved medieval towns. Its diverse landscape ranges from sandy Black Sea beaches to the snow-capped peaks of the Carpathians. Rich in history and culture, it's the birthplace of the legendary Count Dracula, a folklore woven from the real-life exploits of Vlad the Impaler and the picturesque Bran Castle. The capital city, Bucharest, is the site of the gigantic, Communist-era Palatul Parlamentului government building.

Romania has a robust cultural heritage, from vibrant traditions in arts and crafts, to the resilient spirit of its people who have endured historical upheavals. Since its 1989 revolution, Romania has undergone significant political and economic changes, joining NATO in 2004 and the European Union in 2007, thus integrating more closely with Western Europe. Despite economic growth, the country continues to face challenges such as corruption and rural poverty. Nevertheless, Romania's rich cultural life, ranging from traditional music and dance to a lively contemporary arts scene, along with its natural beauty, make it an intriguing destination for visitors and a vital player in European affairs.

## PROCESS

---

1. The client will need to sign a formal agreement with us and then make 100% payment.
2. After signing the agreement, the client is required to gather all necessary documents and send them to us for review and processing.
3. We aim to file the client's application around one month after we receive all the documents and the initial payment. Once we submit the application, the client will be given a special registration number. This number is important because it helps the client track the progress of their application without revealing their identity. The Romanian Ministry of Justice's website will list this number, ensuring that the client's personal information remains confidential due to strict privacy laws.
4. The outcome of the application, indicating whether the client has been granted Romanian citizenship, will be posted on the Ministry of Justice's website sometime between the seventh and twelfth month after the application has been submitted. This timeframe can vary depending on the caseload and other factors.
5. Following the decision, we will coordinate with the client within five business days to plan the Citizenship Oath Ceremony. Although we will attempt to schedule this ceremony at a Romanian Embassy or consulate in the client's home country for their convenience, the client should be ready to travel to Bucharest if necessary.
6. During the Oath Ceremony, which doesn't require any knowledge of Romanian, the client will be awarded the Romanian Citizenship Certificate. This document officially recognizes them as a Romanian citizen.
7. Finally, on the second day following the oath-taking, we will assist the client with the application process for Romanian identification documents, specifically their birth certificate and passport.
